Product Code	XE-5522-001
General Description	Surface Mounting for remote installation
Thermocouple Type	Compatible with type K (NC/NA) thermocouples
Cable Length	1m
Cable Type	Type K 7/0.2 fibre glass cable with stainless steel overbraid
Cable Termination	Bare tails
Head Type	High Impact ABS Plastic Construction
Entry Threads	M16

Transmitter	The push button temperature transmitter is a cost effective 'smart' in head transmitter that accepts thermocouple temperature sensors and converts sensor output over a configured range to a standard industrial (4 to 20) mA transmission signal.
Range	0-1000°C (transmitter can be re-ranged if desired)
Output	4-20 mA
